

**Michael Quinn Patton** is the Founder and CEO of Utilization-Focused Evaluation, an independent organizational development and program evaluation organization.

He is the former President of the American Evaluation Association (AEA) and author of eight major evaluation books including fourth editions of *Utilization-Focused Evaluation* and *Qualitative Research and Evaluation Methods* used in over 500 universities worldwide.

He has also authored books on *Practical Evaluation*, *Creative Evaluation*, and *Developmental Evaluation: Applying Systems Thinking and Complexity Concepts to Enhance Innovation and Use*. He co-authored a book on the dynamics of social innovation and transformation with two Canadians entitled *Getting to Maybe: How the World is Changed*. He is a recipient of the Myrdal Award for *Outstanding Contributions to Useful and Practical Evaluation Practice*, the Lazarsfeld Award for *Lifelong Contributions to Evaluation Theory*, and the 2017 *Research on Evaluation Award*, all from AEA.

He regularly conducts training for The Evaluators' Institute and the IPDET. His latest books are *Principles-Focused Evaluation* (2018) and *Facilitating Evaluation: Principles in Practice* (Sage Publications, 2018).

**UNICEF Evaluation Office, EVALSDGs and UNITAR are pleased to announce the**
